President's Message

On behalf of the Korean American Scholarship Foundation (KASF) board members, supporters and friends, it is my privilege and honor to welcome you to our 37nd Annual Western Region Scholarship Awards Ceremony. Thank you for joining us today in congratulating the 2022 scholarship recipients.

For the past few years, I have had the opportunity to help lead this noble cause with a simple mission to help meet the financial needs of Korean-American students seeking higher education.

At its core the organization seeks to:
1. Assist Korean American students in pursuit of academic and personal achievement,
2. Encourage community and civic service as an integral part of leadership development, and
3. Nurture the sense of pride and confidence in Korean cultural heritage and tradition.

This would not have been possible without your generous support and all the board members who provided constant guidance and input. I want to sincerely thank you for your contributions and your time. You have touched each and every one of our student's lives to continue their education and pursue their dreams and mine.

This year KASF WRC is awarding more than $120,000 to over 60 students due to your generous support. I would also like to personally thank the donors, supporters, friends and volunteers who not only gave monetary donations, but contributed their most valuable asset— time—to the success of the organization's mission and goals. And to the 2022 recipients, I entrust the future of Korean Americans to you and ask you to save a place in your hearts for KASF as you achieve all your hope and dreams!

Eric Choi
President, KASF Western Regional Chapter

President's Message

On behalf of the National Board of Directors of the Korean American Scholarship Foundation (KASF), it is my great pleasure and honor to welcome you to 2022's Annual Scholarship Award Ceremony. First and foremost, I would like to especially
congratulate all of the scholarship recipients for their outstanding academic achievements, as well as their strong and inspiring displays of community and civic service.

Across seven regions this year, we witnessed another strong pool of applicants applying for KASF scholarships. We are excited to report that KASF is awarding a record scholarship amount this year - $756,000 to 390 students, which is about $150,000 more and 80 more students in comparison to last year. We are truly grateful to have the opportunity to contribute to these students' educations, for they represent the promise of the future Korean American community.

This year's accomplishments would not have been possible without dedicated staff and volunteers who have selflessly dedicated their time and resources in serving the organization. Moreover, I would like to thank our many sponsors and donors, including individuals, small businesses, churches, other non-profit organizations, and multinational corporations, for their continued generosity. All of their contributions, regardless of the amount, make a significant impact on fulfilling our mission.

At this time, I would like to especially acknowledge KIA America, who made a commitment to partner with KASF in helping students in need by creating joint KIA-KASF scholarships for 135 college-level students this year. On behalf of the entire KASF organization, I would like to express my incredible gratitude for their generous donation. I hope that this partnership will
continue to grow in coming years and can also be used as a stepping stone into forming additional corporate partnerships.
As another generation of Korean Americans enters into society, we are witnessing a transformation of our community. As Korean Americans, our focus is continually shifting from inward self to outward community, from receiving to giving. As a growing number of Korean Americans are achieving their American dreams, their interest and pursuit in philanthropy reaches new heights. It is our goal to make KASF a true model non-profit organization that the rest of the Korean American community can give to and trust. Striving for this means that KASF operations must be rooted in unwavering principles and the core mission statement of the foundation. Through my many years of serving KASF, I am confident in the potential of the organization and believe that we are in the process of achieving these goals. In this time of growth and celebration, I ask for your continued support and effort to make KASF an outstanding pillar of the community for the future.

Once again, I hope you will join me in congratulating this year's scholarship winners.

Sincerely,

Sang Kim
Chairman, KASF National Board

Keynote Speaker

Jeanie Chang is a Licensed Marriage and Family Therapist and the Founder of Your Change Provider, PLLC, a therapeutic practice founded on solutions and Cultural Confidence® in promoting good mental health and wellness. Jeanie's clinical expertise extends well outside the therapy room. She is an accomplished national speaker for corporate, community, and colleges on topics such as burnout, resilience, mindfulness, stress, workplace wellness, and mental health conditions including anxiety, depression, and suicidality. Jeanie is also a corporate wellness consultant, executive leadership advisor, and family/parenting coach. In addition, she provides support groups for leaders in diversity, equity, and inclusion.

Jeanie founded the national "Self-Care & Wellness" program which she created for business leaders and professionals. Currently, she is spearheading the curriculum-based program for the National Association of Asian American Professionals (NAAAP) as "Self-Care & Wellness By NAAAP" and for the Council of Korean Americans (CKA) under the title, "Building Resilient Leaders". In addition, she is working with college administrators in curating mental health programming to support students on campuses nationwide. Furthermore, Jeanie co-hosts a parenting podcast called "Raising Asian Teens: Resist the Roar!" and a videocast titled "Mental Health Mukbang."

Jeanie is a Certified Mental Health Integrative Medicine Provider (CMHIMP) and a Certified Clinical Trauma Professional (CCTP) with experience in grief and trauma. In addition, Jeanie holds specialized training in Mindfulness Based Stress Reduction (MBSR). Jeanie followed a calling in mental health after a diverse career path. She first started as a broadcast journalist in Washington, DC, then went on to attend business school. Her work in the corporate sector includes marketing, public relations, and client success management.

Jeanie is an active volunteer in the Asian American community. She is the National Director of Self-Care & Wellness by NAAAP, President of the NAAAP NC Chapter, and is a facilitator for student veterans at Wake Technical Community College. In addition, Jeanie enjoys serving as a clinical advisor for Asian American mental health organizations around the country that focus on addressing mental health stigma and helping adolescents and families.

For her own self-care, Jeanie loves going on date nights with her husband of 22 years, enjoys spending time outdoors with her four children ages 13-20, and planning family vacations.

About KASF

MISSION

The Korean American Scholarship Foundation was established 1) to assist Korean American students in pursuit of academic and personal achievement, 2) to encourage community and civic service as an integral part of leadership development, and 3) to nurture the sense of pride and confidence in Korean cultural heritage and tradition.

HISTORY

Founded in 1969 by a small group of concerned Korean American community leaders in Washington, D.C., KASF began as a local organization with limited focus and funding resources. However, with the dramatic growth of Korean immigrant communities in the U.S., the KASF has expanded to other regions to broaden its funding base. Since inception, the KASF has grown their endowment to about $5 million, through the generous support of both Korean and American corporations as well as individuals. Each year, KASF has been able to offer scholarship awards to an increasingly large number of students. To date, over 6,700 students have benefitted from KASF scholarships.

ORGANIZATION STRUCTURE

KASF is a nationwide organization with 7 regional chapters in the Washington DC metropolitan area, Chicago, Los Angeles, Atlanta, New York, Houston, and Denver. To better serve the fast growing number of Korean American students nationwide, KASF established a national board of directors with committee chairs and regional representatives. The committees are including investment, organization, scholarship, fundraising, and communication. In 2020, KASF newly established Honorary Directors as an advisory group.

Types of Scholarships

CHAIR SCHOLARSHIPS

A one-time donation of $30,000 will establish a chair scholarship under your name (or any name you choose) and offer up to $1,000 to the winner of your chair scholarship each year in perpetuity. To date, we have received 260 chair scholarship donations and investment of these chair scholarships has resulted in over $5M in total endowment funds.

DESIGNATED SCHOLARSHIPS

A contribution of $2,000 or more will create a designated scholarship in a category determined by the donor and awarded in the same year.

LEGACY SCHOLARSHIPS

As a KASF supporter, a legacy donation is a way to commemorate one's life by making KASF a beneficiary of their will, life insurance policy, or estate plan. Rather than making an immediate cash donation, you can pledge a legacy gift in support of KASF scholarships and operations for the future.

GENERAL SCHOLARSHIPS

You can support the mission of KASF by contributing any amount. KASF will use your contribution to create additional scholarships and/or use it to help improve operational capabilities.

HIGH SCHOOL ACHIEVEMENT AWARD

Some of KASF regional chapters offer this awards for high school students. Selection is based on outstanding achievements in music, arts, sports, community and social services, and leadership. Each receives $500.

In Memoriam of Husky Han

Husky and his wife Sookie Han joined KASF in 1990. Mr. Han served as Western Region President from 1997 - 1998. He also served as the KASF Golf Tournament Chairperson for many years. Mr. Han was dedicated to KASF and made many great contributions including sponsoring a very successful 조영남 fundraising concert. His legacy will continue through the Chair Scholarship that was created in his name.

50 for 50 Campaign

In 2019, KASF launched "50 for 50" Campaign to celebrate its 50th anniversary.

The goal of the campaign is to recruit 50 donors who will donate or pledge $50,000 or more. With this campaign, we will add at least $2.5 million to our endowment fund that will provide solid foundation and enhance organizational capacity for KASF's future operation.

One of the greatest strengths of KASF is the "passion" of our board of directors and donors. Here are our generous donors for the "50 for 50" campaign up to date.

Thank You Notes From Recipients

09/01/2022

Dear KASF WRC and Sponsors,

I would like to express my gratitude for being a recipient of the 2022 Korean American Scholarship Foundation (KASF) scholarship. I also would like to take this opportunity to thank the Western Region Chapter sponsors for their generosity and meaningful donations. Your generous contribution will largely benefit my financial needs to continue my master's and Ph.D. degrees in business at Washington State University.

As a doctoral student, an instructor, and a parent solely responsible for a 4-year-old child, I have been giving my best effort to well-balance these roles. However, COVID-19, the economic downturn, and other external factors continuously added burden to my academic career and my parenting role. Nevertheless, I have strong dedication and commitment to my career, wishing to become an influential scholar and hoping that my expertise would make the world a better place to live. In this aspect, your sponsorship greatly encouraged me to continue my studies and pursue my goals.

Being selected as a recipient and going through the application process, I have written down a new set of my lifetime goals. Inspired by the motivation of KASF and the warm-hearted donors, I truly hope to engage more with KASF to give hope to future scholars like myself and wish that one day I could assist them financially helping them to concentrate on their studies. Once again, I am sincerely thankful for the scholarship opportunity and the wonderful connection with KASF.

Yours truly,

Jiyoon Han

Thank You Notes From Recipients

Sept. 2, 2022
Korean American Scholarship

Dear KASF and sponsors:

First of all, thank you for your continuous support and heart towards the Korean American/Korean students. It is really encouraging and reassuring to know that the Korean community is rooting for me and pouring into me and into my vision. And I think it is also very precious and unique to have a culture that have strong desire to invest in the younger generation.

My parents served and is continuously serving as missionaries in Kenya for about 13 years. Living and ministering in Kenya has many other difficulties, especially financially. Thus, your scholarship really encourages me and gives me hope to continue pursuing my dreams. It really amazes me all the time that there are people willing to help me and walk alongside with me in this journey.

I am enrolled in the Marriage and Family Therapy Program at Talbot School of Theology which is under Biola University. After graduation, I wish to work as a marriage and family therapist after getting my credentials. Then, with that, I want to further pursue a PhD or PsyD in clinical psychology. This is so that I can create space for individuals, families, couples, and children especially in the Korean American community to come process and heal so that they can thrive in the various places and roles they have in their life.

Thank you again for your help.

Sincerely,
Ye Jeong

Thank You Notes From Recipients

August 2022

To KASF and Sponsors,

My name is Melia Beccard and I am incredibly grateful to be a recipient of the amazingly generous WRC KASF Scholarship for the 2021-2022 school year. This scholarship will help enable me to pursue my master's degree in Social Work at the University of Washington in Seattle.

I currently am about to start my first year as a graduate student at the University of Washington with a concentration in policy and administration. My personal experiences as a transracial and international Korean adoptee have heavily influenced my academic majors. I am incredibly lucky to go to a school like UW that supports and provides programs that focus on the Asian American experience. I have already found an incredible community of Asian American mentors here that have supported and fostered my interest in Korean adoptees and their intersection with social work. I will be starting my internship with the Adult Adoptees of Washington come next month and am extremely excited for this opportunity. This scholarship will help me immensely over the next year in pursuing my education. As an out-of-state student education can be incredibly expensive so any support is greatly appreciated and needed.

Upon graduation after my program, I hope to continue my passion to work with adoption communities. I hope to one day open my own adoption agency that focuses on the specific adjustment needs that children of color need. Thank you so much for providing this opportunity for me and so many other students.

Sincerely,

Melia Beccard

Thank you for supporting me in working with the communities I love!

Thank You Notes From Recipients

Dear KASF and Sponsors,

Thank you so much for your support and contributions that go towards making this program and scholarship possible. Without your efforts in helping Korean American students like me, higher education may not be feasible.

I thank you for choosing me as one of the winners of the scholarship, and I am even more motivated to push myself in my academics and overall college life to accomplish my goals and dreams as a young adult.

This money will help lessen the burden of my parents, who work in the public education system and the automotive industry. Housing is the most expensive cost when attending college, and while it is not required to live on-campus, it is instrumental in immersing into the college culture - this includes meeting new people, feeling more comfortable around campus, learning how to adjust with being independent, and having a safe space for yourself. I have learned so much from just the first two weeks of college, and I credit most of my experiences to living on campus.

I am enjoying all of my classes so far, which are Cultural Anthropology, Human Evolution, Astronomy, Statistics, and Introduction to Psychology. As an Anthropology major, I am eager to learn from my professors and find out more about cultural anthropology and research opportunities. Because of KASF and the wonderful sponsors, I feel less stressed about paying my monthly fees for school, and instead I can put all of my focus on my studies and finding my routine in college.

This scholarship will also allow me to think about pursuing a semester abroad, hopefully in Korea to reconnect with my culture and background. As a Korean adoptee, I have yearned for an opportunity to experience my heritage and see it first hand. I hope that I can also take Korean language classes at my college, so I can also expand my knowledge of language.

Thank you once again to both KASF and the sponsors. I am incredibly grateful to have received this scholarship, and I am ecstatic to experience college and work hard for my future.

Sincerely,

Erin Nicholson

Thank You Notes From Recipients

Dear KASF,

My name is Claire Song and I am beyond honored to have received the KASF-KIA scholarship for the 2022-23 school year. This scholarship will allow me to pursue my ongoing interests in the field of sciences and work in non-profit organizations as I begin my college career studying molecular and cellular biology. Your investment, support, and trust in my scholarship and education enable me to become one step closer to my lifelong goal of giving back to the greater society through healing and medicine.

Each dollar of your support is an immense word of encouragement and reassurance for all the upcoming projects, adventures, and risks that will be taken in my upcoming college career. I would not have been able to pursue my passions had it not been for your generous investment in my educational career and my hope for a better future.

I sincerely thank you for your contributions.

Sincerely,
Claire Song

To the KASF Scholarship and Sponsors:

First off, I would like to thank the KASF Scholarship and their donors for the amazing opportunity that they have presented to me. By supporting my education, this scholarship is also supporting my future which alleviates the financial difficulties that I face as a low-income student.

I would like to use this opportunity to follow my dreams in giving back to communities in need through my passion for computer science. Coding for nonprofits as well as extending resources through online methods is a goal of mine that is fueled by my academic pursuit as well as my sympathy for communities that struggle to find opportunities and resources. This scholarship means supporting my visions and my goals and I would once again like to thank you for this amazing scholarship.

Sincerely,
Youngbin Ryu
